

Product information

Water borne silicone free polishing compound designed to quickly and permanently remove sanding scratches from P2000 and finer on automotive industry surfaces, leaving a high gloss hologram free finish.

Product advantages

- Premium automotive industry polish compound
- One step solution
- Silicone free

Surfaces

- Clear coats
- Top coats

Polishing machine

- Rotating 800 – 2000 rpm
- Random orbital polisher 6000-10000 rpm

Polishing pad

- Yellow lambswool pro
- White foam
- Yellow foam pad
- Orange foam pad

Product properties

Speed: 

Polish, gloss: 

Work instruction

1. Shake or stir polishing compound before use
2. Do not use too much compound at a time. Use a small amount which is consumed on a focused area - less messing and clean up!
3. Clean thoroughly before and after polishing
4. Work focused on an area of 40x40 cm at a time
5. Polish until a scratch free surface is achieved
6. Keep the pad clean, a dirty pad causes deep swirls and scratches

Technical specifications

Density: 1,05 kg/l
Viscosity: 20,5 Pas
Colour: White
pH: 7,5 - 8,5

Storage recommendations

Recommended storage temperature:
5° - 35° C / 41° - 95° F
Keep from freezing
Shelf life is 3 years from the marked
production date.
